

Arthroscopy – Basic – Course

Practical training on human cadaver and joint specimens

Date: September, 17th – 18th, 2012 - Graz – Austria
Venue: Institute of Anatomy – Medical School
 A - 8010 Graz, Harrachgasse 21
Chairman: Seggl W. MD
Organisation: Grechenig W, MD / Anderhuber F, MD
Course fee: € 350.-

Monday, 17th September 2012:

09.00 – 09.10	welcome / introduction (Participants are divided into two groups) knee W. Seggl, O.Leithgöb, M. Staresinic	Seggl / Anderhuber
09.10 – 09.45	lecture: instruments lecture: patient positioning; approaches	Leithgöb Seggl
09.45 – 10.20	practical exercise: triangulation	
10.20 – 11.00	video: diagnostic arthroscopy video: approaches, patient positioning	
11.00 – 11.40	practical exercise anatomical specimen, models: approaches, triangulation, foreign body removal, diagnostic way around	
11.40 – 12.30	l u n c h	
12.30 – 13.30	video: clinical cases meniscus video: clinical cases – discussion	Seggl Seggl
13.30 – 14.30	practical exercise cadaver: meniscectomy, foreign body	
14.30 – 15.00	c o f f e e b r e a k	
15.00 – 15.50	lecture: meniscal repair lecture: cartilage repair	Leithgöb Leithgöb
15.50 – 16.40	practical exercise: training on human cadaver	
16.40 – 18.00	practical exercise: OATS bovine, specimen practical exercise: meniscal repair practical exercise: meniscal suturing – cadaver	
18.00 – 19.00	practical training: cadaver	

Arthroscopy – Basic – Course

Practical training on human cadaver and joint specimens

Tuesday, 20th September 2012:

shoulder W. Seggl,

08.30 – 09.00 video: anatomy, approaches (both groups)

09.00 – 09.45 lecture / video: indication, clinical cases

Seggl

09.45 – 10.30 **practical exercise**

10.30 – 11.00 coffee break

ankle W. Seggl

11.00 – 11.15 video: anatomy, approaches (both groups)

11.15 – 11.45 lecture / video: clinical cases

Seggl

lecture: anatomy joint

Tesch / Weiglein

11.45 – 12.15 **practical exercise**

12.15 – 13.00 lunch

wrist W. Grechenig

13.00 – 13.15 anatomy approaches (both groups)

Grechenig

13.15 - 14.00 lecture / video: indication, techniques

Vasenius

14.00 – 14.45 **practical exercise**

14.45 – 15.00 coffee break

15.00 – 17.00 **practical training on human cadaver**

Seggl
